Total number of cases nursed, 376. Surgical, 137. Medical, 124. Chronic, 20.  
Maternity Doctor's Cases, 48. Midwives, 47. Total, 376.  
Visits paid by Nurses, 4,861, Nights on duty 51.

We have again to record another year of very useful and satisfactory work in connection with the Hospital and Nursing Association. We commenced the present year under a dark cloud, the Hospital having to be closed, happily the cloud passed and the usefulness and benefit of the Hospital is again very much in evidence, so much so, that a waiting list for accommodation is being developed.

## DEATHS.

We regret to record the loss by death of one of the ladies of the House and Nursing Committee, the late Mrs. Smith Lee. She was one of the original Committee who formed the Nursing Association 28 years ago and was also a good worker for the Hospital. Mrs. Lee did splendid work on behalf of both Institutions and we tender our sincere sympathy to Mr. Lee and his family in their bereavement.

During the past year, the death also took place of the late Mr. W. R. Forster until a few years ago, resident at Oakey Knowe, and in business in the town. Both Mr. Forster and his wife who predeceased him a year or two ago were ardent supporters of the Nursing Association and the Hospital, being identified with both as long as they were residents here.

## LEGACIES.

The Hospital Funds have benefited to the extent of £250 from the late Mrs. Forster's estate, that amount, having been paid over, free of duty. The Committee have under consideration, a scheme to permanently record this and other legacies which may accrue.

With the long-continued industrial depression of this district, the finances of the Hospital were certain to be affected but the decrease in our income for the Maintenance Fund during the year has only been £13 which under the present circumstances can be considered as very satisfactory. There is however a slight additional expenditure (really essential) and the two together only result in the small adverse balance of £27 which we trust will soon be eliminated in the current year.

The Committee desire to place on record their grateful thanks to their Honorary Surgeon, who at all times, has been willing to attend and give his services. These have been requisitioned at all hours and Mr. Stewart has always promptly and willingly obliged and his splendid work on behalf of the Hospital, is much appreciated by both the Committee and the Staff, as well as the numerous patients, who have been under his care.

Unfortunately, the Matron, Miss Armstrong, suffered a serious breakdown in health a short time ago, happily she is now recovering, and has resumed her duties, though by no means in her usual robust state of health, but her many friends and admirers hope she will continue improving in health and eventually reach her former standard. During her enforced absence from duty, the rest of the staff to the credit of the Matron, the Hospital and themselves, rose to the occasion, and did splendidly, though it meant extra arduous duties and lessened rest they "carried on" most successfully, and fully deserved the praise which they received from the Honorary Surgeon and the other medical gentlemen.

We again tender our thanks and appreciation to all supporters of the Hospital and Nursing Association and hope, they will continue their valuable help and assistance, as without such, the Committee would have a most difficult task in hand, to maintain the present work and efficiency of these Institutions. The demands upon our accommodation and services are taxed to the utmost at times, but with the continued and willing support of our many friends, the Committee are confident, that much good work can continue to be done.

Sincerely yours,

E. M. LEAKE, }  
W. R. WILSON, } Hon. Secretaries.
